

# BURGLARY

## Increase in burglaries on Kingston borough

There has been a rise in the number of burglaries on the borough.  
We have increased the number of uniform and plain clothes  
patrols.

### WE NEED YOUR HELP!

You can reduce the number of burglaries by ensuring your house  
is secure and reporting anything you feel is suspicious no matter  
how small to police on **999**.

The burglaries are occurring during the day and evening, the most  
common means of entry is by forcing open back doors & windows  
and unlocked back doors. Properties with alleyways or with easy  
access to gardens are most vulnerable so please lock up and be  
vigilant.

- **LOCK YOUR UPVC DOORS & WINDOWS WITH THE KEY**
  - **KEEP A LOOK OUT FOR YOUR NEIGHBOURS**
  - **DO NOT LEAVE KEYS IN LOCKS**

Police are able to give a **FREE** crime prevention survey on your  
home. To take us up on this offer contact your Safer  
Neighbourhood Team via email or telephone.
